True or False: The PTO is only about fundraising.

False: While we do want to help with the school's budget as we can, our number one goal is parent involvement. We want to get parents connected to the school as research shows this will improve student performance and create a great school.

True or False: The PTO is all set with their activities and events for the year.

False: The PTO incorporates school activities and tries new activities, fundraisers and events. The new ideas come from volunteers. While we try to plan ahead, **it's only the beginning** of the school year and there's still plenty of time to do even more for the students and school.

True or False: What I do will not make any difference.

False: It is the smile on a child's face that shows we are making school a little more fun—and a child feels more comfortable in learning environment. It's learning the test scores are higher and knowing that we may have played a role. It is the teachers and staff that feel appreciated and supported. There are a lot of rewards and way to make a difference both big and small.
