

# Welcome to Mrs. Zia's Class

## Math & Science Grades 4 & 5

Assalamo Alaikum Dear Parents and Students,

My name is Shamaila Zia. As the math and science teacher for 4th and 5th grades , it is my honor to welcome you all to our wonderful class. I will also be the homeroom teacher for grade 5. With much excitement, I look forward to sharing yet another year of learning and fun with my students.

Please note that the first day of school for the students will be Tuesday, 8/31/21. During the first week, my focus will be on getting to know my students, establishing rules and expectations, and helping them ease into routine gradually. I'll also administer a Math baseline test to identify areas of strength and weakness. Kindly ensure that your students are registered in the Google Classroom. I will continue to use this for online assignments and announcements.

Needless to say, we can achieve our goals best when we work together as a team. According to my son's third grade teacher, team stands for "together everyone achieves more!" Good communication is the key to any strong team, so please feel free to contact me via email or phone to address any questions, concerns, or suggestions. My contact information is listed in my signature.

Warmly,

Mrs. Zia
